Forecast for Friday 18 Dec 2020

Weather: Becoming drier with some clearer spells overnight. Any early brightness will soon fade, mostly cloudy with outbreaks of rain and drizzle. The rain occasionally heavy in the afternoon and early evening, particularly across Skye and Knoydart. Turning more showery in the evening, these wintry over the highest summits.

Chance of cloud free mountain/hill tops above 800m: 20 to 50%, extensive cloud, base 600 to 900m. Best chance overnight and during the morning from Ben Wyvis up to Assynt and Ben Hope.

Visibility: Moderate or poor in rain and drizzle and very poor at times at height. Mainly very good overnight and during the morning.
